CLEARINGHOUSE RULE 10-077

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]

1. Statutory Authority

In consideration of s. 614.05 (1), Stats., should the statement of statutory authority include a citation to s. 614.13 or 614.19, Stats., or both, relating to surplus requirements for fraternal insurers?

2. Form, Style and Placement in Administrative Code

a. The analysis of the rule should refer to “Stats.” rather than “Stat.” when referring to a single section of the Wisconsin statutes.

b. In item 3. of the rule analysis, the acronym “RBC” should be replaced by the phrase “risk-based capital (RBC).” In item 5., the latter phrase should be replaced by the acronym “RBC.”

c. A period should end the sentences in items 4. and 8. of the rule analysis.

d. Section Ins 51.01 (10) should refer to “s. 600.03 (23c), Stats.” The rule incorrectly cites “s. 600 (23c), Stats.”

e. In s. Ins 51.01 (14), the underscored material should follow the stricken-through material.
